Pictured DJ Ben and Pia at her Bat Mitzvah. Pic 2 is Justin's mom and aunt at his Bar Mitzvah.

Eliana was so much fun. She was a little nervous so we worked her candle lighting as a team.

Being silly at Daniel's Bar Mitzvah. I run a lot of games to keep everyone entertained.

Asher invited me to part of his Candle lighting. I thought that was very cool. With 20 teams we serve the all of the New England states including New Jersey and Pennsylvania.

About our company

Westchester Party Rentals and Entertainment was started to provide music and entertainment at reasonable cost. DJ Ben started his career as a music coordinator and actor in Richmond, Virginia 20 years ago. As an actor he participated in numerous plays, movies and commercials. He also worked as a stunt man and later danced with the Richmond Ballet. (Some thought he was good.)

His experience as a disc jockey and his association with several entertainment agencies gives Ben the experience necessary to make your event one you won't forget. Ben motivates members of the audience to participate in contests and games designed to entertain participants and spectators alike. Through the use of costumes and props, Ben can turn your event into a special occasion. So, he's sure to bring a new level of excitement to your next event.

Practical Planning For Your Bat/Bar Mitzvah

A Easy Guide For Planning A Celebration To Remember

It's time to start the planning process. We have presented a good overview of what a typical Bat/Bar Mitzvah might consist of. On average the mitzvah reception is usually a 4-hour affair. **Note:** If a Disc Jockey were to play music from beginning to end, the number of songs that could be played would be around 80.

Most folks in our area have been to Bat/Bar Mitzvah and these celebrations are done in many different ways incorporating many themes ranging from sports to television shows. Today entertainment companies can offer a variety of equipment to complete your vision of your theme. The best way to ensure a successful event is to make it unique.

Introductions - Many Bat/Bar Mitzvahs start off with a bang. The doors are opened to upbeat music as the guests are invited into the main room. The master of ceremonies/DJ can announce the family and the guest of honor. The guest of honor can come into the room with her or his favorite song.

Candle Lighting - The purpose of the candle lighting ceremony is to honor the people who are the most important. The usual order is grand-parents, aunts, uncles, cousins, siblings, mom, dad and friends. Even animals are honored with a candle. The usual amount of candles is 13 or 14. A variety of music can be played for each dedication. Westchester Party Rentals & Entertainment offers all kinds of music from Jewish, pop, oldies, theme or any combination.

Games, Games, and more Games - We love games and there are many to choose from as well as offering alternative entertainment such as our micro reality cars races, casino nights and many more. View the entertainment that we have listed in our book or visit our website. Typical games that disc jockeys should include are coke/pepsi, limbo contest, huggy bear, and the mummy

wrap. Games are great during dinner. Since the kids eat fast games will keep them busy.

Karaoke - this is the original sing-a-long activity. We provide the songs on disc and the lyrics will appear on a monitor for the singer. Our system uses 3 microphones. This works well with smaller parties, as it can keep a party going if there isn't much dancing.

Confetti Launch - This is really cool. Watch as we launch confetti during the dancing, singing or during the hora. This adds extra excitement and will surprise your guest.

Lights - We offer three different light packages including fog and mirror balls for an added effect. Our light shows range from a basic package to high-end intelligent lights that span the room and change colors.

Party Enhancers - Adding specialty party give ways such as maracas, hats, sunglasses, etc are a great way to turn your party into an event. The drawback is that you may find many of these items on the floor.

Additional Staff - This is one of the best investments you can make especially if you have 60 or more kids. A standard package would include an Emcee and a DJ or a DJ and 1 dancer.

One of my favorite games is coke and pepsi. I always give the first team out a second chance.

More elaborate parties can feature more dancers/party motivators who dress in the same attire as the Emcee and are excellent dancers who can teach and lead the group dancing as well.

Traditional Dances – Dancing to a Hora is a must but remember it's your event and you can select whatever music you would like to have. No one knows your group of friends better than you do. With the Hora everyone gets involved and this is sometimes a family time-honored tradition. Westchester Party Rentals & Entertainment offers a large selection of Jewish music to make your event one you won't forget. For more information on planning your schedule, tips and ideas give us a call toll free 1-877-336-4169. The purpose of our book is to give you ideas and different types of entertainment that you can feature at your simcha.

Westchester Party Rentals & Entertainment would like to thank Tony Brown for supplying photos from Eliana's Bat Mitzvah. We worked this event together and it was a blast.
